Revision 1.4

Terms and Conditions of Sale

Credit and Payment Terms

Nevers Industries does not allow for automatic open account terms for new customers, current customers whose accounts are in arrears, nor for individuals, or non-commercial purposes. A credit application will be sent to each new customer. **New customers are encouraged to begin establishing a credit rating with Nevers Industries prior to placing an order.** Our customers are responsible to provide the necessary current and accurate information. Orders are 50% due upon receipt and 50% net 30 if approved. Nevers Industries will apply a 1-1/2% per month service charge to all past due accounts. Accounts that are 90 days past due will be subject to collection proceedings without any additional notice. If legal action is necessary to settle collection proceedings, the purchaser agrees to pay Nevers' incurred legal representation fees and/or court costs. Orders will not be processed for past due accounts until the amount due, including any service charges, is paid in full. Orders will not be scheduled for production until the deposit is received. **A bank letter of credit may be required for any order over \$50,000 net.**

Prices

Our prices are list; freight prepaid, F.O.B. Maple Grove, Minnesota, and are subject to change without notice. Quoted prices must be accepted within 30 days or re-quoted for date and approval. Freight is prepaid and allowed for normal ground transportation within the 48 contiguous states, must ship to dock location. Air freight, will calls, and special delivery will be quoted and invoiced separately. Prices do not include installation, storage, or sales tax.

Packaging

Nevers Industries' pricing includes packing for North American shipment. Only environmentally safe packing materials are used. Large furniture pieces will be packed with wood reinforcements for added protection. For special packaging, crating or overseas shipment, please contact Nevers Industries for a quote.

Delivery

Nevers Industries will select the method of shipment, carrier, and routing. Carrier selection is solicited to provide the best service to each customer in their location. All shipments are sent prepaid, FOB Maple Grove, Minnesota. **Nevers Industries' liability ends when the carrier issues a receipt to Nevers Industries. This is acknowledgement by the transportation company that the shipment has been received by the freight company in good condition and title of the goods and risk of loss transfers to the buyer. The order shall be considered complete.** Prepaid freight does not change the F.O.B. status of the product and risks involved in Invoices relevant to the partial shipments are payable as they fall due.

Freight Terms

All orders under \$2,000 net are subject to a minimum order/additional freight charge of \$275 net; Nevers Industries also reserves the right to establish a freight and fuel surcharge fee to cover variable freight costs. This charge will be established at the time of order.

Lead Times

The lead time on an order begins when Nevers Industries receives the deposit and the signed drawings. All acknowledgments will contain the estimated shipping date. We are not responsible for delays in scheduling or failure to make scheduled shipping date due to strikes, lockouts or other labor complications, war, riots, Acts of God, fires, accidents, restraints affecting shipment or credit, reduced

supply or excessive cost of fuel or raw material, delays from suppliers, compliance with Government regulations, or other unforeseen contingencies. When delays in final product delivery dates are caused on the part of the purchaser, we reserve the right to invoice up to 100% of the remaining contract amount and, in addition, to charge the purchaser any costs associated with delivery delays.

Order Acknowledgement

All orders are subject to final acceptance by Nevers Industries. Receipt of our acknowledgement indicates acceptance of your order subject to our terms and conditions. If pricing on the purchase order is different than the acknowledged pricing, the acknowledgement will take precedence over the purchase order. Nevers Industries attempts to clarify all orders. But in the event of any discrepancy, please notify Nevers Industries immediately. Failure to notify Nevers Industries of a discrepancy within 48 hours will constitute acceptance of the order as acknowledged. All orders are subject to credit approval at any time.

Change Orders

Nevers Industries will make every attempt to honor any reasonable engineering, production, or shipping change request approved by Nevers Industries. Change orders will be accepted only if the request is made in writing and received in time to comply with established delivery dates. Nevers Industries reserves the right to increase our acknowledged price and adjust lead times to make the requested changes. Nevers Industries will assess charges to the customer for change orders, cancellations, and delivery deferrals as stipulated in the following:

Change Order Charges

Received prior to signed approval drawings will be charged up to \$500 net. All changes are subject to price/lead time review by Nevers.

Changes received after signed approval drawings, but prior to production, will incur fees associated for any work done by Nevers Industries plus the up to the \$500 maximum net charge above.

Cancellations:

Cancellations after receipt of the purchase order will be assessed the **total accumulated cost of the project** plus up to \$500 net cancellation charge

Deferred Shipments/Storage by the Manufacturer

All merchandise will ship upon completion of production. No shipment can be postponed by the customer. If customer is unable to take delivery of merchandise when ready for shipment, Nevers Industries may transfer the merchandise to storage. All on-site cost for storage and freight will be at customer's expense. Transfer to storage will be considered delivered for all purposes including invoicing and payment. The customer must acknowledge that title of the goods stored and risk of loss transfers to the customer. Customer will bear the risk of loss or damage during storage. Deferred shipment charges will be assessed from the completion date. Storage is subject to a minimum of \$70.00 net /day storage fee.

Shipment Claims

Legal title of merchandise passes to the buyer upon acceptance by the carrier. The buyer must inspect all cartons on arrival for visible or concealed damage. In the event of visible freight damage, the buyer must make a notation on the freight bill; immediately notify Nevers Industries for an inspection; and file a freight claim. Do not sign the receipt until the visual inspection is complete at the time of delivery. If concealed damage is discovered, Nevers Industries must be notified within **5 days. Keep all packaging materials for inspection (do not destroy). Failure to do so may impair or cancel the ability to make a successful claim.** Do not install damaged product. Caution: When a clear receipt is obtained by a carrier, the carrier is no longer responsible for damages or shortages. Damaged freight cannot be refused by the consignee (buyer). Processing claims for damages and shortages are the responsibility of Nevers Industries. At no time can claims be deducted from our invoices.

Returns

All Nevers Industries products are made to order. Therefore, merchandise may not be returned without specific consent from Nevers Industries. Unauthorized returns will be refused by the shipping department.

Miscellaneous

All merchandise shown in our catalog is the property of Nevers Industries. We reserve the sole right to manufacture and distribute it. All patterns, tools, and designs developed for the production of any product will remain the property of Nevers Industries. All published dimensions are approximate and if the exact sizes are critical, we suggest that you request actual measurements. Price list data supersedes all other specifications, whether verbal or written, and may not be altered without the written consent of an officer of Nevers Industries. Typing and clerical errors on any agreement, publication, correspondence, price list, or product literature pieces are subject to correction at any time without notice. Due to variations beyond our control, all wood and upholstery products are subject to slight variations in color, texture, and grain.

Disclaimer

Nevers Industries reserves the right to change prices, specifications, fabrics, dimensions and finishes at any time without prior notice. This right to change also applies to discontinuing models at any time, as well as catalog and price list contents.

Warranty

Nevers Industries, Maple Grove, MN warrants its products to be free from defects in material and workmanship for a period of 10 years from the date of shipment to the customer.

Our warranty covers Nevers Industries' products used in non-residential locations and assumes typical single-shift workday use with nominal care by the end-customer. Our warranty only applies to new products sold through Nevers Industries' authorized extended sales distribution network in North America. Our warranty is non-transferable from the original purchasing entity or individual owner.

Product options supported installed features, and any other ancillary systems and parts, whether provided by Nevers Industries or supplied by the customer, carry their own manufacturer's or distributor's warranties. These items may include, but are not limited to, natural and engineered stone tops and inlays, metal bases, height-adjustment systems, decorative signage, glass tops or transaction accents, electrical power systems, and/or lighting systems.

In the event of making a warranty claim, it is up to the customer to notify Nevers Industries as soon as possible. Nevers Industries reserves the right to examine the warranty claim and provide an appropriate response. Nevers Industries will then, as our sole obligation, either repair or replace parts, materials, components or other directly associated systems provided by Nevers Industries and any other approved incurred expenses due to the warranty issue. In the case of irreplaceable custom materials, unique processes or vendor-supplied components no longer supported, we will provide alternate, yet equal, solutions.

Any structural modification, dismantling and reinstalling, or improper use or storage of our products may void the warranty. Similarly, failure to control the expressed limits of temperature, humidity, or ambient lighting exposure throughout the life of Nevers Industries products may influence any potential indemnity and/or void our warranty. Additionally, our warranty does not cover: damage during shipping caused by a freight carrier; uncontrollable natural variances in wood grain or texture, finish hue or color; and damage from excessive wear (such as, but not limited to, singular or repetitive scratching or denting from jewelry, writing instruments or other such hard objects), misuse, negligence or modification on the part of the customer.

Nevers Industries herein extends no other warranties, expressed, depicted, or implied, including warranty of merchantability or fitness for a particular purpose. Nevers Industries shall not be liable for loss of time, inconvenience, commercial loss, incidental or consequential damages. No warranties other than those contained herein will be implied and Nevers Industries, Inc. does not authorize any person to create any warranties other than those contained herein.

General Specifications

Wood Veneers

Nevers® products are manufactured primarily of Plain Sliced Mahogany, Walnut, Oak, Cherry, Paldao and Maple. Other woods may be specified. Please contact Nevers Industries for price and availability. Veneer panels are laid up with plain sliced faces and are balanced on back to minimize warping and balance stresses.

Wood Surface Cleaning

Wood furniture should be cleaned with a damp, soft cloth, wiping in the direction of the wood grain. Wood surface should then be dried with a dry, soft cloth. Monthly, wood surfaces should be cleaned with a soft cloth using a quality wood cleaner. Following cleaners' directions, slightly dampen soft cloth and wipe in direction of wood grain. Dry the wood surface with a dry, soft cloth. Ammonia or any type of oil should be avoided.

Standard Wood Finishes

Nevers' standard finish is a multi-step process involving dyes, stain, sealer, toner, and lacquer. For added protection and durability, the final topcoat on all tabletops is catalyzed lacquer. All finishes have been formulated for maximum clarity to enhance the natural characteristics of each wood species. Standard finish is open pore. Semi-filled and filled finishes require an upcharge and may extend the lead time. Please contact Nevers Industries for price and delivery date.

Custom Wood Stains and Finishes

Virtually any wood finish or color sample can be matched to your specifications. A finish sample or stain sample is required from the customer before the process of matching approval can begin. The upcharge for custom finishes varies with the type of finish and with the quantity ordered.

Levels (Types) of Stain to Match Sample (STM) Requests

A "Custom Color only" Sample basis Standard NI Veneers and Standard Finish (20-degree satin, open pore)

- \$250 Pre-Contract
- N/C Post Contract
- Lead Time 5 - 7 business days

B "Custom Sheen" and "Custom Color" Sample basis anything other than NI Standard Topcoat (20-degree satin, open pore)

- \$500 Pre-Contract
- TBD Post Contract
- Lead Time 7 - 10 business days

C Add Alt: "Custom Veneer Spec" (Add to either "A" or "B" as applicable) basis requiring any veneer spec other than NI Standard (species or cut or matching)

- \$250 Pre-Contract
- TBD Post Contract
- Lead Time 14 business days

Costs are applicable per # of samples requested. Costs based on ground shipping only from Nevers Industries. Customer may opt for faster shipping at own cost. Costs to customer are refundable upon receipt of a project PO, payable as a discount on final order.

Note: COLOR VARIATION WILL OCCUR IN THE GRAIN OF ALL WOOD SPECIES.

This is an inherent characteristic caused by the annual growth rings found in all hardwoods and the way the boards and veneers are cut across these growth rings. In some species, this color variation is very subtle. In other species this color variation is obvious and at times radical.

The process of finishing hardwood veneers determines whether these variations are enhanced or subdued. Natural finishes will show color variations in the grain and enhance the beauty of the wood to its fullest extent. Other stains and finishes tend to blend in these variations to some extent dependent upon the depth of color and the method of application.

Standard Laminates

Standard, non-premium Wilsonart, Formica, Nevamar, and Pionite Laminates

Custom Laminates

Any commercially available laminate may be specified. Most custom laminate orders may extend the standard delivery date.

BASE CODES: Bases delivered price includes one wood/laminate or metal base selection. Choose from the edge codes below, reference our edge for larger images of profiles.

WOOD: BB5 (Std Panel - 4"); BC5 (Rectangle - 10"); BN5 (Panel/Rectangle)

METAL: BF1 (Metal TT)

GENERAL SPECIFICATIONS:

- Tops are 1 3/16" thick. Edges are NIII® construction joinery.
- Wood bases have access doors when ordered with Power/Communication option.
- Laminates with simulated wood grain will run the length of the table and may or may not match up at table seams.

TOP OPTIONS:

Starburst with 1/4" Powder-Coated Silver or Black Alum. Inlay..... Model Number R/SBE..... \$3,014
 Inlay Only..... Model Number R/INL..... \$2,064

Wood Trim Laminate Tops

Tabletops may be ordered with a laminate inset in any non-premium Wilsonart Laminate. Model Number R/LIN..... no charge

For all power options, see pages 44-50.

BASE OPTIONS:

Metal InlayModel Number R/BX3..... Metal Color: Silver or Black.. Per Base..... \$282

Plinth BaseModel Number R/BX6..... Plinth Color: Silver or Black.. Per Base..... \$135

Traditional Molding*Model Number R/BX8..... Molding Color: Varies..... Per Base..... \$241

**Not available with drum bases*

BASE CODES: Bases delivered price includes one wood/laminate or metal base selection.

WOOD: BB5 (Std Panel); BC5 (Rectangle); BN5 (Panel/Rectangle)

METAL: BF1 (Metal TT)

GENERAL SPECIFICATIONS:

- Tops are 1 3/16" thick. Edges are NII® construction joinery.
- Wood bases have access doors when ordered with Power/Communication option.
- Laminates with simulated wood grain will run the length of the table and may or may not match up at table seams.

TOP OPTIONS:

Starburst with 1/4" Powder-Coated Silver or Black Alum. Inlay..... Model Number R/SBE \$3,014
 Inlay Only..... Model Number R/INL..... \$2,063060

Wood Trim Laminate Tops

Tabletops may be ordered with a laminate inset in any non-premium Wilsonart Laminate. Model Number R/LIN..... no charge

For all power options, see pages 44-50.

BASE OPTIONS:

Metal Inlay Model Number R/BX3Metal Color: Silver or Black..Per Base\$282

Plinth Base..... Model Number R/BX6Plinth Color: Silver or Black ..Per Base\$135

Traditional Molding* Model Number R/BX8Molding Color: VariesPer Base\$241

**Not available with drum bases*

BK1 (Casters) BP1 (Levelers) BE1 (Flip-Top Casters)

GENERAL SPECIFICATIONS:

- 5. Tops are 1 3/16" thick. Edges are Nil® construction joinery.
- 6. Wood bases have access doors when ordered with Power/Communication option.
- 7. Laminates with simulated wood grain will run the length of the table and may or may not match up at table seams.

NEVERS MEETING LINK™

Nevers offers pre-configured Meeting Link™ solutions for all tables. This is an easy, trouble free method to specify power, data, voice and AV connections. Nevers proprietary technology centers use modular power connectors, are daisy chainable and are ideal for all installations where multiple electrical outlets connect to a single power infeed. They are available in single or multiple circuits. It is listed as a manufacturers' wiring system under UL standard 183.

Technology centers are installed in the table base system before the top is placed on. This provides a convenient, well-lit work area.

Power, data, voice and AV cables come through the floor box to feed the entire table.

When ordered with power option, all wood bases receive an access door. All wood bases have cutouts in the bottom to accommodate floor core monuments and offer a spacious open cavity for cable routing and storage.

The infeed snaps into the power block of the first technology center. The power blocks come pre-installed in the technology centers from the factory. There are four connection points on each power block, this allows for the infeed and jumpers to daisy chain multiple power blocks.

Jumpers allow multiple technology centers to be connected (daisy chain) together using a single power feed.

Receptacles simply snap in with a positive locking tab feature that assures positive contact to the power blocks. Receptacles are labeled I, II, III and IV to denote which circuit the receptacle is keyed for. Nevers ships Circuit I receptacles as standard.

Duplex receptacles can be installed on both sides of the power block; this allows for equipment to be plugged in and mounted underneath the table. Additional duplexes must be ordered, see page 62 for ordering information.

Each technology center comes standard with decora style openings for telecom plates with data, voice and AV ports. Nevers technology centers come standard with generic adaptor plates and connecting adaptor jacks that accept most common data and voice ports.

The technology center doors come pre-installed from the factory. The tabletop is placed on the base system after the technology integration is complete. This prevents damage to the tabletop attributable to third party contractors.

NEVERS MEETING LINK: HOW TO ORDER

Step One: Determine your power/data/voice/AV requirements.

Heavy Capacity: PV1 - provides 1 outlet for every 1-2 people.

Medium Capacity: PV2 - provides 1 outlet for every 2-3 people.

Light Capacity: PV3 - provides outlet for every 3-4 people.

Step Two: Determine the quantity of technology centers required for your table.

Nevers Meeting Link™ technology centers are positioned centered between the bases. If your table has 3 bases, you will need 2 technology centers, 4 bases needs 3 technology centers, etc.

Step Three: Choose your door type and metal color.

Door Type Options: Metal or Wood

*Grain direction on wood doors will run opposite of the grain on the tabletop.

Metal Color Options: Silver or Black

Door Type: Metal Door Type: Metal
Metal Color: Silver Metal Color: Black

Step Four: Choose your infeed type.

Multiple Circuit Hardwire: Activates all four circuits and has a flexible conduit. This must be installed by a certified electrician. (UL Listed)

Single Circuit Plug In: Activates only circuit I and has a 52" cord that plugs into a standard 120V/20A outlet. (UL Recognized)

Note: The maximum quantity of receptacles that Nevers ships per circuit is 12. If you require more receptacles, a second single circuit plug-in infeed or a multiple circuit hardwire infeed must be used.

City of Chicago: For the city of Chicago, Nevers offers a metal junction box and mounting bracket to replace the power block and allow the technology centers to be hardwired in the channel. All other electrical wiring and receptacles must be furnished separately by your electrician.

Note: Other metropolitan areas may have special electrical requirements as well. Nevers recommends consulting a local electrical contractor for proper code compliance information.

Step Five: Determine if you have any additional power/data/voice/AV requirements.

Additional infeeds, duplex receptacles, telecom plates and grommets can be found on page 62.

Note: Nevers recommends consulting an audio/visual (AV) integrator for assistance with data/voice planning.

General Information

The number of outlets referenced is accessible through the tabletop access doors. If more outlets are needed, additional duplex receptacles can be ordered and easily installed in the power blocks on the outside of the channel beneath the tabletop. The maximum number of outlets is increased to twice the quantity referenced above. Contact customer service at 800.242.2443.

EDGE CODES:

Tops delivered price includes one edge profile type, either in wood or laminate, choose from the edge codes below, reference our edge for larger images of profiles.

WOOD: *CONTEMPORARY* - AO (Oval); AB (Reverse Bevel); AL (Lineal Bevel); AZ (bullnose); AR (Radius); AE (Eased Lineal)
TRADITIONAL - AS (Step Oval); AD (Beaded); AA (Step Radius); AQ (Traditional)

LAMINATE: LS (Lineal Self)

Special Features: e-Version™

When ordered with E-Version option, 24"d credenzas are designed and ready for the internal mounting of most AV equipment and AV equipment racks. This includes openings in the back of the credenza for electrical/AV wire pass through, heat venting for AV equipment and access to wall outlets the entire width of the credenza.

General Specifications:

Credenzas are designed to provide storage space for meeting and conference room areas. They are designed with ample interior storage space and include 1 adjustable shelf in each compartment. Interiors and back are black melamine. Hinges are fully adjustable.

Optional Bases:

Traditional Base Molding (Per Door, Veneer Only) Model Number R/CTX..... 125

Plinth Base (Per Door) Model Number R/CPX..... \$158
Plinth Color: Veneer, Silver or Black

Leg Base (Per Door) Model Number R/CNX \$158
Metal Color: Silver or Black

Common Optional Components:

Laminate Inset Top: All credenza tops may be ordered with any non-premium Wilsonart® laminate inset Model LT no charge

Door and Drawer Locks Model R/LCK..... \$253
Silver or Black
Door Locks: price per bay
Drawer Locks: price per drawer

Pull-out Waste Bin: Location determined at installation
Available on 24"D units only (per basket) Model R/WBN..... \$320

For all optional components, see page 51.
